LUNCHEON—Friday, October 28th

OCTOBER LUNCHEON SPEAKER—Dwayne Williams

Dwayne Williams

Dwayne was born in Greenville, Tx in 1943. A year later Dwayne's father went off to the US Navy to serve in the Pacific. Upon his return from the war, the family moved to Littlefield, Tx near Lubbock. Dwayne fell in love with flying at an early age after going to work as a flagman for a crop duster. After graduating high school Dwayne got his draft notice and with the help of a recruiter, managed to do all the right things to get into an aviation field. In time he became a flight cadet and trained to fly helicopters at Ft. Wolters. In November, 1966 Dwayne landed in Vietnam to start a one year tour flying "slicks" hauling in South Vietnamese troops and then he transitioned to gunships. During that time Dwayne lost several friends and had a number of close calls himself, often bringing in a shot up helicopter. Dwayne finished his army career up training pilots at Ft. Wolters. Dwayne's career stayed exciting with more close calls flying workers to off-shore oil rigs, training pilots in Iran, and going to work for Bell Helicopter as a test pilot. Dwayne narrowly escaped becoming a statistic in the Bermuda Triangle and once gave a drug lord a demo flight in a helicopter. Dwayne will be the first to tell you that God has sure been busy watching over him.

As a reminder: Only service animals may be brought into the luncheon.

UPCOMING LUNCHEON

October 24-25, 1944

The Battle of Surigao Strait

Our very own Derick South was there for the battle. It holds the distinction of being the last naval battle in which air power did not play a role, other than in pursuit.

Our sponsors!

October 16-29, 1962

Cuban Missile Crisis

This was known as the time the US and Soviet Union came the closest they ever had to a nuclear conflict.

Several Roll Call members were involved:
